How to apply pldt home prepaid wifi

With the resumption of classes nationwide, there's greater need for homes to be equipped with fast and reliable internet connections so students can seamlessly attend their online classes. The country's fastest fixed network and leading digital services provider, PLDT Home introduces an all-new and most advanced prepaid internet solution that can be ordered hassle-free online. This all-new and improved PLDT Home Wifi Prepaid Advance unit offers LTE-Advanced (LTE-A) technology that can deliver the fastest wireless internet speeds versus the previous PLDT Home Wifi Prepaid modem. The PLDT Home Wifi Prepaid Advance modem is more efficient compared to its previous version with its carrier aggregation features and ability to combine frequency channels that enable faster LTE speeds and better customer experience. Just like the previous PLDT Home Wifi Prepaid unit, this newly improved PLDT Home Wifi Prepaid Advance modem is a plug-and-play device that's convenient to use, especially for school-age children (with adult supervision) at home. Customers can also buy the PLDT Home Wifi Prepaid Advance unit via GrabMart. Every device comes with free 10GB valid for 7 days so customers can immediately browse online and can be reloaded through GrabApp using the GrabPay wallet, Paymaya, myPLDT Smart app, or through PLDT Home and Smart's retailers nationwide. Customers can also choose from a wide array of Prepaid FamLoad options for bigger data packages tailor-fitted to their needs. For a limited time only, customers can instantly avail of their own PLDT Home Wifi Prepaid Advance unit for only P1995 to enjoy uninterrupted and fastest wireless connectivity at home. Customers can order a unit through the PLDT Home website (and receive their order quickly via Grab Express service. Purchases can either be paid through debit or credit card for cashless delivery, or cash-on-delivery. The PLDT Home Wifi Prepaid Advance is available for a limited time only. The original price of Php 2,495 is slashed to just Php 1,995 only until November 30 to allow customers to take advantage of this advanced and affordable internet device in time for the opening of the school year. This timely offer is part of PLDT Home's efforts to bring more online-driven services, boosting their already significant digital presence amid the new normal. With a more advanced technology, PLDT Home answers the needs of more Filipino families for a reliable and fast internet connection so they can do their work, attend online classes, and likewise be entertained online, in the new normal. Published: July 29, 2021 | Posted by: Moneymax | Personal FinanceWhen choosing an internet service provider, PLDT is usually the top choice of Filipinos due to its nationwide coverage and affordable plans. However, with so many providers in the market, it is important to know how to find the best internet service deal. Let's review the available PLDT plans for 2021 and how they differ.First Things First: What is PLDT's Main Service Now?When it comes to connectivity services, PLDT has cemented its strong reputation through its Direct Subscriber Line (DSL) internet services. However, PLDT no longer offers this service. Its flagship service now is the Fibr connection.[1]You may ask about the difference between DSL and Fibr. PLDT DSL delivers internet connection using copper wire technology. Fibr, on the other hand, uses fiber optic technology where the internet connection comes from light signals running through thin glass wires.[2]According to PLDT, its Fibr connection can deliver speeds up to 1Gbps. Unlike DSL, a fiber connection makes equal upload and download internet speeds possible, thus allowing you to send data as fast as you can receive it from others.Read more:What are the PLDT Plans for 2021?PLDT offers internet services in two categories: Fibr and Home Biz Fibr. Each category has two types of services.PLDT Fibr-Unlimited Fibr - Unlimited internet access bundled with a headline serviceFibr Plus - Unlimited internet access bundled with a headline service and mesh WiFi points to prevent no dead spots in your homePLDT Home Biz FibrAsenso Fibr - Package for at-home entrepreneurs and small businessesUpgrade Asenso Fibr - Services for existing PLDT subscribers looking to upgrade their internet for businessHere's a more detailed guide to PLDT Plans for 2021.PLDT Fibr PlansUnlimited Fibr PlansThis PLDT Fibr service is best for small to medium families. You can go for a starter PLDT Fibr plan under this category if you're just dipping your toes into the the company's services.Fibr Plus PlansPlans under Fibr Plus are perfect for larger families who live in larger homes. Each plan comes with a set of mesh points, which can be installed throughout the house, to make sure that there will be no dead spots. Likewise, these plans are perfect for PLDT subscribers who are planning to upgrade.PLDT Home Biz Fibr PlansAsenso Fibr PlansThese plans are ideal for enterprising individuals who are starting a business at home or for those migrating to a small shop.Upgrade Asenso Fibr PlansIf you have already maintained a solid stream of income and you want to invest more in your tech infrastructure, you can upgrade your existing Asenso Fibr Plan to a much more advanced package. Here are your choices:How to Apply for a PLDT PlanYou can easily apply for a PLDT Plan for 2021 online.
